LIBRARY OF THE NORTH-WEST GOVERNMENT.

*To the Honourable Joseph Royal,
Lieutenant-Governor of the
North-West Territories.*

MAY IT PLEASE YOUR HONOR :

I have the honor to submit the accompanying classified catalogue of all books now comprised in the North-West Government Library, with a brief review of what has been done during the year I have had charge of this department. I entered upon my duties on August 4th, 1890, and found the Library to contain at that time some 2,519 volumes. That number included the "Law Library," consisting of 1,379 volumes, which, in February, 1891, were transferred to the Court House in Regina. Their removal made room for the large consignments of books, which arrived at various times during the year, until at the present time the Library contains 2,090 volumes (an increase of 950 volumes). Many of these have been secured at considerable cost, and are of rare value ; among them being found works treating on the early life and times of this then almost unknown country.

A gift of some 100 volumes has been received from the Government of the Province of Quebec, forming a valuable addition to the list.

Early in the present year glass doors with locks were provided for the bookshelves, which afford complete protection to the books, besides forming handsome bookcases ; the floor has also been covered with matting, and a screen and step-ladder added to the appointments.

The number of Volumes lent during the year, under Rule IV, was 297.

In a separate room from the Library are kept all Parliamentary Journals, Sessional Papers, Government Blue-books, etc. ; being seldom referred to, they are not included in the number given as a total in the catalogue.

The newspaper fyles have now been given into my charge, for which I would ask that another room may be set apart, to be known as a Reading-room, where all Newspapers, Magazines, etc, may be fyled for reference.

The accompanying catalogue enumerates the books received into the Library up to date. It is arranged according to the several forms of classification that have been adopted, and will, I trust, be satisfactory to Your Honor.

I have the honor to be,

Sir,

Your obedient servant,

K. HAYES,

Librarian.
